TWO-POST ROPS EXTENSION SYSTEM

SELECT GROUNDSMASTER® & REELMASTER® MODELS

Two-Post ROPS Extension System Features

- This ROPS system provides shelter from weather and reduces operator fatigue
- Base steel frame attaches to existing ROPS; includes a white sunshade
- Safety accessories, such as interior and breakaway exterior mirrors, front and rear LED work lights and a rotating beacon for improved visibility
- Overhead fan to keep dust and debris away from the operator
- Front tempered safety glass windshield with windshield wipers improves operation in rain
- Safety and security cage for golf ball protection and vandal deterrence.
- Available for the following models:
 - Groundsmaster 5900** (31698)
 - Groundsmaster 4000-D** (30609)
 - Groundsmaster 4100-D** (30608)
 - Groundsmaster 360** (31200, 31223, 31230)
 - Groundsmaster 4500-D / 4700-D** (30881, 30882, 30873, 30874)
 - Groundsmaster 4300-D** (30864, 30853)
 - Reelmaster 5010 Series** (03606, 03675, 03607, 03676, 03678, 03679, 03674)

Enhance operator comfort and protection when facing the elements

Equipping a mower with operator ergonomic features can be expensive, but Toro has a solution that is both affordable and effective. The new two-post rollover protection system (ROPS) extension system enhances the comfort and weather protection for the operator. This unique ROPS system is built on a base model for each Groundsmaster or Reelmaster machine which includes a sunshade and steel support structure that ties into the existing two post ROPS. A large number of accessories mount to the base model, which allows operators to stay safe, comfortable and more productive in all kinds of weather. Visit commercialvideo.toro.com for details.

Two-Post ROPS Extension System Options

Two-Post ROPS Extension Kit

- Base steel frame attaches to existing ROPS; includes a white sunshade.

Tempered Glass Windshield

- Similar safety glass used in Toro all-season safety cabs.

Windshield Wiper Kit for Glass Windshield

Thermoplastic Windscreen Kit

- Impact and abrasion-resistant polycarbonate windscreen (mounts to 2-post ROPS extension).

LED Work Lights

Rotating Beacon

Operating Fan

Safety and Security Cage

- Locking steel mesh side doors; includes the abrasion resistant polycarbonate wind screen.
- Increased vandal deterrence and operator protection from golf balls
