

2020

**STANDARD
GOLF** COMPANY
EMPLOYEE OWNED

THE WORLD'S MOST COMPLETE LINE OF GOLF COURSE ACCESSORIES & MAINTENANCE TOOLS.

As Standard begins another year as a 100% employee owned company, I want to thank our customers and owner-employees for making it another successful year for Standard. As always, all of us at Standard are dedicated to offering golf superintendents and professionals a range of innovative new products, including the ST2000, Hybrid Cup, and Putt-Saver Tournament Flagstick, as well as the industry's most complete line of accessories and maintenance tools for the golf course and driving range.

**- Peter Voorhees,
President**

WELCOME TO STANDARD GOLF'S 2020 CATALOG.

Inside you'll find over 4,000 unique golf course accessories, maintenance tools and parts. This year we did a re-design of our layout that allowed us to lower our page total from over 100 to just 80 pages. This is a net savings of nearly 1.4 million pages! It is a small part, but in an industry that relies on the environment and nature our Employee-Owners wanted a more environmentally friendly catalog.

BUNKER RAKES COMPARISON

THE CHIEF

Designed by a golf course superintendent to be used with the "Aussie Style" of bunker maintenance. This tine-less or "toothless" rake has two sides, a smooth side to help pack down the vertical sides of a bunker, and a side with ridges to rough up the bottom of the bunker without leaving large grooves in the sand.

- ▶ 20" (51 cm) rake head will come with one of 3 handle sizes, Green 54" (137 cm) Aluminum, 60" (152 cm) Green Gator Grip or 72" (183 cm) Green Gator Grip.
- ▶ Single tapping screw (included) is all you need for assembly.

TOUR PRO™

The stronger, lighter material has tines to help move deep sanded bunker sand into place. Flip over and the ridges smooth the playing surface without leaving the sand compacted and flat. Less expensive and a wider coverage than many of its competitors.

- ▶ 20" (51 cm) and 25" (63 cm) heads ensure tracks are covered with minimum effort, while pioneering design generates tournament quality surfaces
- ▶ When durability is a must, the exclusive Gator Grip Handle is your best option, available in both 60" (152 cm) and 72" (183 cm) lengths. Also available with 64" (162.5 cm) curved aluminum and 54" (137 cm) composite handles.
- ▶ A single self-tapping screw (included) is all you need for assembly.

TOUR SMOOTH™ II

Performance of the original Tour Smooth Bunker Rake just got an upgrade. Improved rake assembly and the addition of the exclusive Gator Grip Handle makes the Tour Smooth II a must for all courses.

- ▶ Smooths both fine and course sand into perfect playing conditions quickly and easily
- ▶ Pair the Tour Smooth II with the exclusive 60" (152 cm) Gator Grip Handle for a level of performance unmatched by any of the competitors
- ▶ A single self-tapping screw (included) is all you need for assembly.

DUO-RAKE™

One side furrows and the top side smooths. The entire rake floats!

- ▶ 15" (38 cm) high-impact plastic head.
- ▶ Now with new stronger, gusset-reinforced high-impact plastic head.
- ▶ Bolt and cone (included) is all you need for assembly.

ECONOMY

Full size performance for smaller-sized budgets.

- ▶ 48" (122 cm) Wooden or 54" (137 cm) ultralight, plastic-coated steel handles
- ▶ Tough, high-impact 15" (38 cm) molded head (and handle).

TOUR-LITE™

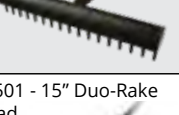

When weight is the issue, the Tour-Lite rake is the lightest you'll find.

- ▶ Impact-resistant, 15" (38 cm) polyethylene molded head.
- ▶ Ultralight, plastic-coated steel handle.
- ▶ Redesigned neck for added strength and durability.

BUILD YOUR OWN BUNKER RAKE

Use the chart below to see which bunker rake head and handles will fit together.

Mix and match to build your own Standard Golf bunker rake. For case quantity, see pages 9-10.

IF IT STICKS TWISTS OR LEANS, IT'S NOT A SMART-FIT™.

INTRODUCING MAGNATECH™

– a proprietary aluminum blend from Standard Golf. Beginning in 2020, all of Standard Golf's aluminum cups will be made with our new MagnaTech™ Aluminum Blend. A proprietary blend with more silicone and less copper, our MagnaTech™ Aluminum is stronger than previous versions and has less corrosive tendencies.

Standard Golf's ST2000 Smart-Fit™ Cups come with three configurations: aluminum, plastic and "hybrid" with an aluminum base and plastic molded walls to combine the best of our aluminum and plastic models.

All of our notched ferrule flagsticks - Royaline (now with veil wrapped coating), Tournament and Putt-Saver - fall right into place everytime without twisting, sticking or sinking.

400 DENIER VS. 200 DENIER FLAG FACTS:

FACT #1

Sometimes less is more. 400 denier is relatively new to the industry and typically used on sailboats.

FACT #2

The purpose of a golf flag is to show where the cup is and to help golfers judge wind speed. It takes a 7 to 10 mph wind to get a 400 denier flag waving. It takes a 3 to 5 mph wind to get a 200 denier flag waving. Advantage: 200 denier. Plus, the heavier 400 denier flag wears out ferrules flagsticks and cups quicker.

FACT #3

Golf flags are meant to fly. Sails are meant to propel sailboats. One has nothing to do with the other. So trust us when we tell you the only time we recommend 400 denier is usually when we're talking to sailors, not superintendents.

All nylon flags are made of DuPont SolarMax® Nylon!

BEST WAY TO FLY!

Standard Golf's special quad-stitch process ensures a more durable flag that flies true in any wind. Look at the difference! Four rows of stitching instead of two, and wider edges that reduce wear.

PUTT-SAVER TOURNAMENT FLAGSTICK

The Putt-Saver is a one of a kind golf flagstick. Not only is the flagstick two-pieces to help reduce shipping surcharges, but the diameter of the stick at the bottom is the narrowest in the game of golf. This allows more room for the ball to fall into the cup.

A direct hit to the flagstick gives the ball more cup coverage to fall into, as well as more room for an off-center putt to catch the cup and fall - as opposed to deflecting off the flagstick and not falling.

(for side mounted hole cutters)

TIP: Standard Golf recommends inside sharpened cutting blades primarily for sand greens. They pack the sand tighter and hold it more firmly in place.

Trouble disengaging plugs? Spend just a few minutes sanding the inside of the blade with emery paper. You'll be amazed at how much easier it is to unplug.

MAGNUM™ HARVESTER BALL PICKER

Superior Dual-Integrated Gang Technology means each gang pivots independently in any direction for unequalled maneuverability on rolling terrain, in all types of grasses and conditions, when navigating slopes, even when backing away from trees and other obstacles.

- ▶ LOW-PROFILE.
- ▶ Only gang picker in the world that backs up without getting tangled or damaged.
- ▶ Powder-coated finish ensures a superior, longer-lasting appearance and better rust resistance.
- ▶ Assembles in less than 15 minutes.
- ▶ U.S. and foreign patents pending.

IN-LINE MAGNUM™ HARVESTER BALL PICKER

- ▶ Uses our patented split gang technology.
- ▶ 5' wide with a 900-ball capacity.
- ▶ Picks golf balls going in forward or reverse.

Actual Weight: 128 lb (58 kg)
Shipping Weight: 178 lb (81 kg)

WARRANTY: Standard Golf Company warrants its products to be free from defects in materials and workmanship within a period of one year from the date of purchase. Standard Golf's sole responsibility under this warranty shall be to repair, replace or refund the price of the defective product or component. All such repairs, refunds and replacements are subject to such rules, terms and conditions as Standard Golf may promulgate from time to time.

DISCLAIMER OF OTHER WARRANTIES: The foregoing limited warranty is in lieu of all other warranties, expressed or implied, including merchantability or fitness for a particular purpose. In no event shall Standard Golf be liable for any indirect, consequential or special damages of any nature whatsoever.

IMPORTANT NOTICE: United States Golf Association® logos appearing in this catalog are for illustrative purposes only. They do not imply endorsement by the owners of the designs.

The use of the word 'tour' in connection with any product in this catalog does not imply a relationship with, or an endorsement by PGA TOUR, Inc.

Sizes, weights, dimensions and descriptions given in this catalog are nominal only, and may change slightly from time to time due to changes in materials and production methods. Colors are approximate, and may change slightly among different products.

Prices shown in this catalog are effective January 1, 2020 and are subject to change without notice.
